Style is a statement, the expression of a design vision. Now, give full expression to your vision with Speak, a collection of exceptional modular carpet options from Masland Contract. Progressive design with outstanding quality will complete any project that Speaks to you.

How do you Speak? It's easy:

It's all about freedom of expression with Lingo. Each of its tile and plank designs can be configured in a multitude of ways to produce movement in the floorscape. The differentiating amounts of color-play in each tile build energy into commercial designs, making Lingo a well-spoken candidate for contemporary business interiors.

With Lingo modular tiles and/or planks, you are free to create movement in the visual field, using different combinations to articulate your design vision.

LINGO

Communicate in the native language of current commercial design with the geometric pattern play of Lingo. It speaks of style that performs under pressure.

24" X 24" MODULAR TILE

12" X 36" PLANK

“Speak ill of no man, but speak all the good you know of everybody.”

- Benjamin Franklin

Smoke Density	Passes NBS Smoke Chamber Test ASTM E-662 (flaming mode)
Colorfastness to Light	4.0 or better
Static Rating	Less than 3.5 kV. Antistat warranted for the life of the carpet

*For detailed percentage of recycled content, contact your Masland Contract representative.

Specifications may vary slightly over the life of a product. For current specifications, please visit www.maslandcontract.com.

Lingo is 3rd party certified PLATINUM by the NSF/ANSI 140 Sustainable Carpet Standard.

The positioning of pattern elements within a tile is random. Within a product, each tile will exhibit a unique placement of the pattern elements comprising that product.

Slight variations between sample swatches and production goods are to be expected and are considered normal. Likewise, such variations will occur between production goods of different dye lots. Masland laboratory matches are obtained under cool white fluorescent lighting. Chair pads are recommended to enhance the aesthetic value and longevity of the product.

Help Us Recycle

Masland Contract's goal is to eliminate all product waste going into landfills. Help us by removing samples from folders and recycling folders through your standard paper recycling process. Forward samples to Masland by using prepaid address labels available through your Masland Contract representative.

All Masland designs are protected under the U.S. Copyright Act of 1976. Any unauthorized duplication or approximation of a Masland design constitutes copyright infringement in violation of Federal Law.
